

Christmas Outreach Opportunity for TAYLORS COMMUNITY CHRISTMAS STORE

What It Is

- A shopping experience to purchase discounted Christmas presents
- Hosted by Community Mission Baptist Church (located near the Spring Grove apartments, a low-income area of Taylors)
- Based on the concept that families would prefer to provide for themselves at Christmas rather than receive a handout
- Instead of directly giving gifts to children, the store aims to provide a way for parents to purchase presents—at a discounted rate—that they can then give to their children. This gives joy to the children and dignity to the parents, and it provides an opportunity for leaders of Community Mission Baptist Church to connect with families to serve and reach them for Christ.

How It Works

- Located in Community Mission Baptist Church's building
1950 Boling Road Extension, Taylors, SC 29687
- Shoppers provide their contact information before entering the store to enable follow up by Community Mission Baptist Church.
- Shoppers buy gifts at a discounted price, and the proceeds from the Store go toward buying gifts for next year's stock or off-set the cost to CMBC for hosting the Store.
